JOIN US AT THE SMART CYBERSECURITY SUMMIT, THAILAND

Smart Cybersecurity Summit is both an exhibition and conference where you can make connections to advance your business, exchange knowledge with fellow professionals, stay abreast of the latest developments, and discover ground-breaking solutions that will drive growth.

At the Summit, you can gain actionable advice and strategies to tackle growing cyberthreats. Local and international experts from Thailand and across APAC will share how they form successful security initiatives and foster security-aware workforce.

Learn how you can mitigate risks by implementing strong cybersecurity strategies and robust solutions that can keep your business compliant, prevent reputational damage, minimise financial loss, and build customer trust.

WHY VISIT?

Gain practical insights from top-class specialists.

Explore world-leading cybersecurity solutions.

Network and exchange knowledge with 100's of your fellow senior security professionals over lunches and networking drinks.

WHO SHOULD ATTEND?

Join the exclusive cybersecurity community at Smart Cybersecurity Summit, where you can keep up-to-date with the latest news, industry insights and valuable networking opportunities, all in one place.

The Summit is a tailored experience that addresses the specific security needs of your business. It is an invite-only event for IT senior decision-makers who are end users of technology, including:

- Chief Information Security Officer
- Head of Cyber Security
- Head of Cyber Defense
- Security Executive
- Cyber Security Client Executive
- Information Security Director
